Superior Versatility and Function

- Exceptional accuracy and resolution in a manual 3D coordinate measuring machine
- Y-axis integration into granite ensure long-term machine rigidity
- Air bearings on all axes allow outstanding speed, smoothness and precision
- Mitutoyo thermally stable glass scales provide high-precision measuring foundation
- Ergonomically designed controls, such as pneumatic airlocks, promote repeatability and user comfort
- Easy to use and fully featured MCOSMOS software provides voice guidance to ensure full concentration on instrument guidance
